I, Lynn S. Teague, in my individual capacity as a South Carolina Electric & Gas Company ("SCE&G") ratepayer who is affected by the Joint Application and Petition of South Carolina Electric & Gas Company and Dominion Energy, Incorporated, for Review and Approval of a Proposed Business Combination, hereby respectfully petition the Public Service Commission of South Carolina ("Commission") pursuant to Commission Regulation 103-825, and other applicable rules and regulations of the Commission, to intervene and be made a party of record in the above captioned proceeding.

In support of this Petition to Intervene, I would respectfully show:

1. I reside at 3728 Wilmot Ave., Columbia, SC, 29205, which is served by SCE&G.
2. Pursuant to Rule R.103-804(T) of the Commission's Rules of Practice and Procedure, I represent myself in this proceeding before the Commission.
3. The Petition requests that the Commission determine whether to approve the joint application and petition of South Carolina Electric and Gas Company and Dominion Energy, Inc.,

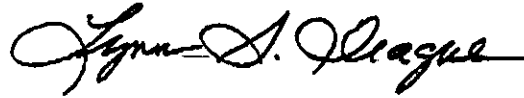

regarding SCANA Corporation becoming a wholly-owned subsidiary of Dominion Energy. The Commission is also asked to determine whether to approve a customer benefit and cost recovery plan for new nuclear development costs associated with the V. C. Summer Units 2 & 3 Project to accompany the Merger.

4. I am a residential customer of SCE&G and have a substantial and personal interest in the issues to be considered during this proceeding. Approximately eighteen percent of an SCE&G customer's bill at present results directly from SCE&G's construction of the Units. Therefore, the existing revised rates associated with this project have substantially impacted me as a residential ratepayer of SCE&G. In this proceeding, the Commission will consider significant changes in the cost recovery plan associated with this project, and any resulting Commission decision has the potential to further impact me in my capacity as an SCE&G ratepayer. As a result, I have a substantial interest in this proceeding, and I seek to protect my interests regarding the issues that will be addressed in this proceeding.

5. At this time, I lack sufficient information to fully develop and state my position in this proceeding, and I request that I be made a party in order to conduct full discovery and make a determination on my position.

Wherefore, I hereby respectfully petition the Commission that I be allowed to intervene in this docket, with full rights to participate as a party of record, including, but not limited to, the ability to engage in discovery and participate in all hearings by offering testimony and exhibits and cross-examining witnesses. Petitioner requests the receipt of all notices, documents, exhibits, and data submitted by all parties and the Commission staff.

Respectfully submitted,
